A Beautiful Baby Boa appears on the Red Carpet at the MTV VMA’s

I can’t believe I’m going to write about this but it has to do with a snake named “Johnson”. The snake is beautiful and made his way to the VMA’s with his companion: Justin Bieber. Yes even the Biebs enjoys his reptiles, or so it would seem. He had Johnson wrapped around his hand all night, much to the discomfort of his girlfriend Selena Gomez. Why do I suddenly feel like I’m writing a bad tabloid story?

We should get the
Biebmeister to wear a
Cool Critters Outreach shirt!

The alligator found in New Jersey after Irene

Reptiles in the News

In Gloucester Township, NJ an American Alligator was spotted in the wake of Irene. A resident saw the 2 foot alligator hanging out under a bridge near a lake.

The resident called the authorities and by the time they arrived the gator had been caught and had its mouth taped shut to prevent it from biting anybody. Of course it is believed to be a pet that was either let go or escaped.

A search of the area did not turn up any additional alligators or other reptiles. The gator will be relocated to an area more suitable for it.

Out of State Cool Critters Outreach Programs? Can it be done?

I'm glad you asked! If you or someone you know is out of town and would like to have CCO come into their school we do travel! The best way is to get all the schools in the district to have us in and that saves every school money!

Just have them contact us through email, phone call, Facebook or Twitter and we will give them a quote.

It's that simple! We would love to travel with our animals and share our passion with everyone out there.

Help get Cincinnati known for something positive...Cool Critters Outreach!

Of course if that doesn't work we can Skype a program too! Technology is great and at least the kids would have the chance to see all the animals and learn about each of them. We will Skype the program from our Reptile Room so they can see what we get to see every day! Maybe we will do a feeding demonstration, who knows!

What are you waiting for? Contact us today!

We want to hear from YOU! This newsletter is sent out to help educate, entertain and spread the word about Cool Critters Outreach. However we can't do it without you! We want your pet stories. Do you want to see something different on the website or on our Facebook page? Would you like us to offer something special in our programs? We want your ideas!

You can email, call, text, Facebook message us...whatever you like. Give us your thoughts so we can improve what we do.

Reminder: Buddy Walk September 10th

We talk about it every year and we put it in our newsletter last month, too. It's the Buddy Walk in downtown Cincinnati on September 10th at Sawyer Point. Registration starts at 9:00am and the walk begins at 10:00am. Afterwards there will be food and entertainment for the whole family!

What better way to get involved and do something as a family than to help out someone in need? Cool Critters Outreach is down here every year and we look forward to seeing you there, too!

Come on down and show your support. Get more information online at www.dsagc.com.

I hung out at the WEBN studios with the Ben-Gals.

Listen for us again around Halloween!
